About the Web3Tour Project

Web3Tour is an innovative initiative aimed at transforming cultural tourism through the adoption of Web 3.0, Metaverse, and Blockchain technologies. With a focus on capacity building, sustainability, and digital skills, Web3Tour equips SMEs with the knowledge and tools to lead the industry toward a more inclusive and competitive future.

Supported by Creative Europe, Web3Tour runs from November 2023 to November 2025, with leading partners such as:

- **Arctur:** Tourism 4.0 Lead, a hi-tech SME specializing in HPC services and solutions in Central and Eastern Europe.
- **Envolve Entrepreneurship:** A global entrepreneurship support organization that helps start-ups with upskilling and business innovation.
- **TheFutureCats:** An innovation consultancy specializing in digital transformation and capacity-building programmes.
